Congratulations to Mandel, Gawas and Weiss for their election to WW Council.

All votes have been counted and election will be certified early next week.

Thanks to [Michael Stevens](#) for his invaluable contribution as a council member. His input both in public and private led to better decisions. I am sorry to see him come just short by a few votes. He will be missed on council.

Mr Weiss will now have an opportunity to present his alternative solutions in public. I look forward to an open discussion.
