Ms. Hamilton inquired about an inspection that West Windsor Health Division did in July for Hamilton Township. She inquired if the Township received compensation for this inspection.

Ms. Swanson advised that it was an emergency situation and that the area Health Departments have an agreement to help other departments when requested. She advised that she was requested to provide an impartial review of their animal shelter.

Ms. Hamilton inquired why there was a difference in our Health Division's inspection and the State's inspection.

Ms. Swanson advised that they were two different types of inspection performed. She advised that West Windsor has had to use inspectors from other municipalities in the past and that we rely on each other to assist when necessary.

Ms. Geevers suggested that the Board of Health review the new marijuana laws at an upcoming Board of Health meeting.

President Miller advised that it could possibly be scheduled for the November Board of Health meeting.
